Fill in the blanks with one of the following: impressionism, primitivism, expressionism, minimalism, electronic and chance music

minimalism Categorized by repetition with gradual changes

impressionism Often uses pentatonic, modal, and whole-tone scales.

electronic and chance music When some elements of the composition are determined by chance

primitivism Uses prehistoric themes and tribal rhythms.

expressionism Uses the 12-tone system (atonality)

expressionism Often makes use of polytonality

impressionism Key figure: Claude Debussy

electronic music Uses tape loops and synthesizers

minimalism An example of this would be Steve Reich’s *Clapping Music*

expressionism Music from this category is often anxiety-inducing and spooky

Fill in the blanks with one of the following: string, woodwind, brass, percussion, keyboard, and electronic

1. Trumpet brass
2. Harpsichord keyboard
3. Flute woodwind
4. organ keyboard
5. Bassoon woodwind
6. Violin string

7. piano keyboard
8. Double bass string
9. French horn brass
10. Tuba brass
11. Cello string
12. synthesizer electronic
13. Trombone brass
14. Harp string
15. Clarinet woodwind
16. Viola string
17. Oboe woodwind
18. sampler electronic

who sits in the front in an orchestra? string

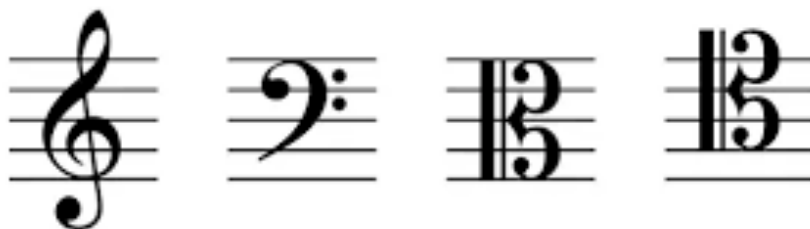

who sits in the center in an orchestra? woodwind

who sits in the back in an orchestra? brass

who sits in the rear in an orchestra? Percussion

what are the four instrument families? String, woodwind, brass, percussion

Tonic supertonic mediant subdominant dominant subdominant Leading tone
